This free printable comes with an educational license. This means you may distribute this printable to families or educators that you work with directly via email or private file-sharing software such as Google Classroom or in a telehealth setting.

You may NOT share this file in a public sharing folder or website that anyone can access. You may also not resell this product in any way.

You may not use reproduce or redistribute this file for commercial use in any way.

All activities are designed to be completed with adult supervision. Please use your judgment when setting up these activities for your child and do not provide items that could pose a choking hazard for young children. Never leave a child unattended when completing any of these activities. Please also be aware of all age recommendations on the products you are using with your child. The author is not liable for any injury caused to your child while completing any of these activities.

HOW TO USE

Print out each page on 8x11.5 computer paper OR you can choose a thicker card stock.

Laminate each page and then cut out each outer space lacing card.

Use a hole punch to punch through each hole in the lacing card designated by the circles on each picture.

Tie a small string or yarn through one hole in the lacing card.
